SUMMARY

Full stack developer currently working at Rede Câmara (São Paulo City Council) as a system developer and at Imsite as a front-end developer. Previously worked as a data technician, ensuring data accuracy and usability with SQL, Excel, Power BI, Pandas, NumPy, and RStudio. At AGCO (Nov 2022), led a data analysis and action plan that saved 500,000 BRL in parts previously destined for scrap.

SKILLS

Front-End: Angular, Ionic, React (incl. Context API), Vue, Three.js

Back-End: Node.js, Supabase, REST APIs

Data: SQL, Power BI, Excel, Pandas, NumPy, RStudio

AI Tools: Claude Code, Gemini CLI, Codex, Copilot Studio

Workflow & Collaboration: Gitflow, Trello, Slack, SuperAnnotate, Confluence, Miro

Soft Skills: Analytical reasoning, effective communication, proactive problem-solving, adaptability, teamwork

PROFESSIONAL EXPERIENCE

Front-End Developer (Freelance) | Imsite — Remote

Jan 2026 – Present

- Develop mobile applications, websites, and games using Three.js, Babylon.js, JavaScript (ES6+), React, HTML, and CSS.
- Portfolio available at imsite.com.br.

IT Intern | São Paulo City Council (CMSP) — Remote

Jan 2025 – Present

- Collaborate on the development of a social media management web application, working on both front-end (Angular, Ionic) and back-end (Node.js).
- Automate reports, design screen wireframes, conduct research, and handle city councilors' daily needs to keep the platform aligned with their communication goals.

RLHF Writer (Freelance) | Mercor — Remote

Feb 2026 – Jun 2026

- Performed deep evaluation of 300+ AI model responses and produced detailed, structured feedback reports.

Data Quality Technician | FormelD (AGCO) — Mogi das Cruzes, SP

Apr 2022 – Apr 2023

- Collected, treated, organized, and analyzed quality-sector data, collaborating with the supply chain to identify cost-saving opportunities and process improvements.
- Implemented data-driven solutions to quality issues, including a single action that recovered 500,000 BRL in parts initially marked for scrap by coordinating corrective actions with suppliers and manufacturers.
- Sustained average savings of 150,000 BRL per month as a result of the measures developed, through proactive analysis and resolution of supply chain quality issues.

- Developed and maintained Power BI and Excel dashboards and reports, providing actionable insights for managers.

English Teacher | Nova Nett and CCBEU — Piedade/Sorocaba, SP *Aug 2014 – Mar 2020*

- Taught English through dynamic, technology-integrated classes, including games and interactive practice with native speakers.
- Developed teaching materials and schedules; conducted group tutoring and conversation classes for students aged 5 to 73.
- Increased student enrollment by 33% through monthly trial classes.
